Westminster Drug Project

We are committed to helping all those affected by drug and alcohol use:

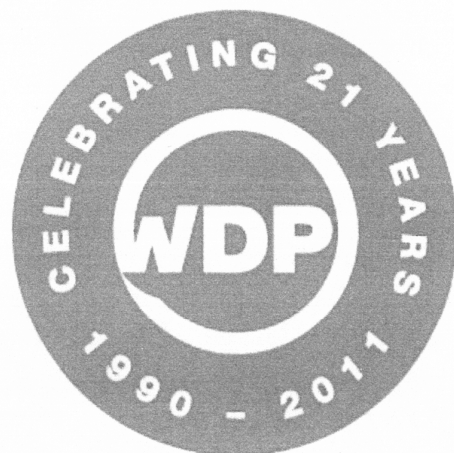

WDP is a vibrant and innovative charity committed to helping all those who are affected by drug and alcohol use. We are 23 years old and have long experience of working with people in a wide range of circumstances. We offer support to families and communities too.

With the right support, people can change:

We are passionate about helping people recover from drug and alcohol dependency. We know from experience that with the right support, people can change. Everyone is different: some people will make a full recovery, some will get there in the end after several relapses, but everyone can be supported to lead healthier and happier lives.

We deliver services on behalf of local authorities:

WDP started off as a little community centre in Westminster, hence the name. Today we have 22 centres across London the South East and the East of England. We deliver services on behalf of local authorities, commissioned by the Drug & Alcohol Teams. Most of our income is earned from delivering services to people affected by drug and alcohol problems in local communities.

The Barnet Recovery Centre

The Recovery Centre, WDP Barnet is a support service for individuals who are affected by drug and alcohol problems.

We have a dedicated team of substance misuse practitioners who work alongside other professionals including doctors, nurses, psychologists and therapists in the London Borough of Barnet.

We offer a high quality and professional service providing a range of support to individuals who wish to receive advice, assessment and treatment for their drug and alcohol problems.

We work very closely with the **Barnet Service User Group (BSUG)** whose aim is to help Service Users to have a voice about their treatment plans and a say in the way the service is delivered.

Our service includes criminal justice services, structured day programme, aftercare and the peer support groups (Pg. 7).

HOW TO ACCESS THE SERVICE

Referrals to WDP The Recovery Centre, can be made by a professional on your behalf such as your GP or Social Worker. You can call us on
